WILLIAM FRICK CURB MARKERS

MARKING PRODUCTS FROM THE LEADER IN LABELING, GRAPHICS & IDENTIFICATION

Clearly mark valve locations, manholes, service lines, storm drains, cable routes, and test stations using William Frick's durable curb markers. Frick curb markers can be permanently installed on most flat surfaces such as curbs (face or top), road surfaces, and more.

William Frick curb markers will help you keep a uniform look to your storm drains and clearly mark your underground utilities. We carry multiple sizes from 2.5" to 6" diameters so you can choose the perfect one to fit your custom message. Each curb marker will last up to 30 years with minimum fading.

Constructed in reflective or non-reflective materials. Also available as serialized curb markers and RFID capable
