

Aluminum Utility Pole Tags

- Clearly identify your utility poles with embossed metal characters
- Aluminum construction for outdoor durability
- Common character height: 1", 3" and 6" tall
- 1" vertical or horizontal orientation available

Description

Aluminum pole tags are extremely durable and offer high visibility at far distances. These aluminum letters and numbers come in different sizes. The 1" and 3" aluminum tags easily slide into pole-marker channels. The 3" and 6" embossed metal tags can also be directly screwed or nailed into many surfaces.

Aluminum Utility Pole Tags – Quality and Performance

These versatile metal letters and numbers are embossed into 0.025-inch aluminum. The embossed depth is 0.013-inch. Embossing helps to ensure readability even if the tag has faded or been defaced. For further dimensional information please consult image below. 1" and 3" dimensional specifications available upon request.

Additional information

Model Number	WFS-ES-0036 Aluminum Utility Pole Tags
Applications	Identification Labeling, Asset Marking, Asset Tracking, Do-It-Yourself Address Marking, Outdoor Use, Utility Labeling
Material	Embossed Aluminum Tags
Size	1", 3", 6"
Expected Outdoor Life	10 - 20+ years
