

## Custom Covert Message Labels

- Irreversible color change
- Consistent adhesion to a variety of surfaces
- Removes cleanly with no messy residue
- Impossible to counterfeit - patented technology
- Serialized and barcoded
- Customizable colors, sizes, texts, hidden messages, and more

## Description

Made from a specially layered film consisting of aluminum, polyester, and a patented optical film, these tamper evident labels are nearly impossible to defeat. Upon tampering, color disappears and hidden message will be permanently revealed.

## Additional information

|                                 |   |
|---------------------------------|---|
| Model Number                    | WFS-AC-0013 Custom Covert Message Tamper-Evident Label  |
| Applications                    | Tamper Evident Seals, Barcode Labeling  |
| Material                        | Tamper Evident Film   |
| Size                            | 0.75" x 2.0"  |
| Colors                          | Gold, Purple, Blue, Green, Red  |
| Minimum Application Temperature | 50° F   |
| Water Resistance                | Good  |
| Solvents Resistance             | Good  |
| Abrasion Resistance             | Fair  |
| UV Resistance                   | Good  |
| Adhesive                        | Permanent Acrylic   |
| Adhesion                        | Adhesion to HSE Plastics: Very Good, Adhesion to LSE Plastics: Fair, Adhesion to Glass at 24 hr. dwell: Excellent, Adhesion to Steel at 24 hr. dwell: Excellent |
| Shelf Life                      | Stored at 72F / 50% Relative Humidity, 2 Years  |
