

Flexiform Bottle and Packaging Emblems

- Make your logo pop with a 3D formed design
- Abrasion, water and solvent resistant
- Attach to surfaces including metal, glass and plastic
- Variety of finishes and colors available

Description

Flexiform Bottle and Packaging Emblems are a great alternative to your average packaging labels with a wide variety of colors and finishes including chrome, carbon fiber, matte, glossy, velvet, satin, woodgrain, suede and leatherette.

Draw attention to your brand and enhance your product with Flexiform Bottle and Packaging Emblems. Customize these emblems with the shape and color of your logo or graphic. Form different elements of your design to create a 3D multi-layered finish.

Attach the emblems with a pressure sensitive permanent adhesive to a variety of surfaces including metal, glass and plastic. Letters and numbers can be die cut and individually spaced with pre-mask for easy application. The 3D Hyform Emblems are abrasion, water and solvent resistant.

Additional information
