

Pennant Flags

- 500 lbs tensile strength
- Sag-resistant rope
- OSHA Approved
- Multiple colors, lengths and sizes to choose from

Description

Draw attention to or define a perimeter for construction sites, parking areas, sporting events and grand openings with Pennant Flags. OSHA approved flags are also great for roof construction and repair marking.

Pennant Flags are available with standard 9" x 12" pennants or OSHA approved 12" x 18" pennants. The flags are sewn into a plastic covered, sag-resistant rope in varying lengths.
