

Warehouse Barcode Signs

- Lightweight, easy-to-read
- Enhanced read range with retro-reflective material
- Aluminum construction for long-term durability

Description

Improve warehouse and distribution center management with barcode signs. Lightweight tubes are designed to hang from the ceiling and provide several angles to read your product information, barcodes or serial numbers. Their retro-reflective material allows for an even further read range.

Our large aluminum warehouse signs are designed to be securely attached to product shelving and are easily read from ground level with a barcode reader.

Additional information

Model Number	WFS-OS-BCSIGN Warehouse Barcode Signs
Applications	Barcode Labeling, Warehouse
Material	Aluminum, Polyester, Retroreflective
Expected Durability	10 - 30 years
Temperature Service Range	-40°F to 185°F
Water Resistance	Excellent
Solvents Resistance	Very Good
UV Resistance	Good
Abrasion Resistance	Good
Shelf Life	Completely Stable, Stored at 70F and 50% Relative Humidity
